Starlight

Antonia Varela Pérez
Directora Gerente

Dear friends,

We are pleased to inform you that, having studied GAL HASSIN ASTRONOMICAL CENTER'S Application Pack, you have been awarded the Starlight Stellar Park distinction and have been officially incorporated into our network.

This certification not only accredits your work in favour of astrotourism, but we also hope that it will serve to further spread interest in astronomy and as a tool to generate a sustainable, environmentally-friendly economy. This certification will make a positive contribution to GAL HASSIN's prime positioning within the global offer.

The period of certification runs from the moment of award until the end of 2021 and, from then on, if you wish to maintain the certification, you should follow the renewal process and pay the corresponding fee.

We enclose with this letter the logo of the Foundation, adapted to GAL HASSIN, which you can use and display on any kind of support: flags, plaques, etc.

Likewise, the Starlight Foundation undertakes to advise you, if you wish, on light pollution avoidance measures in your area or with respect to the acquisition of the most appropriate equipment to optimise observation of the night skies.

We hope you are as pleased to receive this recognition of your Astronomical Center as we are to award it and we remain at your entire disposal for anything you may need.

Yours sincerely,

Antonia M. Varela Pérez
